

## SPECIFICATIONS

### "Zero Waste Food Truck"

#### 2023

#### Object :

These specifications is to define the operating conditions for mobile catering activities of the "Food truck" type on the public domain of the municipality.

#### The affected locations are:

1. Nautic base Marcel Buffet – Avenue Samuel Bassaget - Quai Eric Tabarly – Carnon Plage – 34130 Mauguio
2. Sports camp – Chemin de Bentenac - 34130 Mauguio

#### Authorized activities must :

##### 1. Place the environment at the center of the catering offer:

###### - Prohibition of single-use plastic products,

- Limitation of single-use packaging.
- Waste management in order to reduce non-recycled products as much as possible,
- Use of biodegradable or reusable bags

###### - Propose a suitable dishwashing solution:

- Propose a distribution by glass supports, slates and reusable cutlery (consignment)
- Offer crockery made from plant fiber (sugar cane pulp, for example) and biodegradable wooden cutlery.
- Disposable plastic dishes are prohibited.

##### 2. Guarantee the evacuation of the waste produced :

This service is the responsibility of the service provider. The latter will specify the planned evacuation procedures. The Municipality of Mauguio Carnon has been committed since 2019 to the "My zero waste market" approach. The deposit of waste from the activity is prohibited in waste bins.

##### 3. Propose a food offer with good taste qualities, favoring short circuits and seasonal products.

##### 4. Offer customers a quality of service (reception) and on-site consumption comfort.

##### 5. Propose a consistent pricing policy.

##### 6. Respect the rules (hygiene, safety, occupation of the public domain, etc.) related to the activities of sale and processing of foodstuffs.
